PUCT DOCKET NO. 53393

NOTICE OF HEARING ON THE MERITS

Dear Customer:

On March 24, 2022, a petition signed by 107 of the customers in the Rio Bravo Subdivision (Rio Bravo) in the River Bend Resort was filed with the Public Utility Commission of Texas (PUCT). The petition appeals the January 18, 2022 decision by the Valley Municipal Utility District No. 2 (Valley MUD) Board of Directors to reclassify these customers as Single Unit Residential. At the same time, the Board approved a monthly surcharge for the customers in Rio Bravo to cover the cost of installing individual water meters on their lots.

A hearing on the merits is scheduled to begin at 9:00 am on September 18, 2023 and could last up to three days. The hearing will be conducted by an administrative law judge for the State Office of Administrative Hearings (SOAH) and held via Zoom videoconference. You may observe the hearing via computer or listen via phone. The specific Zoom login/call-in information for the hearing has not yet been provided. As soon as it becomes available, Valley MUD will post the information on the home page of its website at: www.vmud2.org.

This proceeding has been assigned PUCT Docket No. 53393 and SOAH Docket No. 473-23-04520. If you would like to review the filings that have been made in proceeding to date, you can access them via the PUCT's Interchange Filing System using the steps below.
